**9TH OCTOBER –
4TH NOVEMBER**

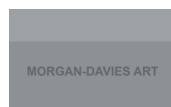

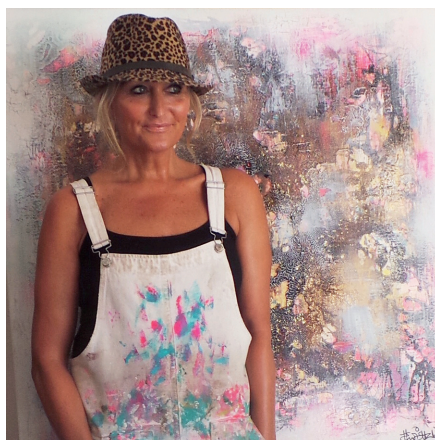

MORGAN-DAVIES ART is delighted to be collaborating with No.29 Power Station West to bring British artist Henrie Haldane to this unique London exhibition.

In parallel with the event, MORGAN-DAVIES ART will also be displaying Haldane's work at the Affordable Art Fair at Evolution, Battersea Park, from 18th -21st October.

The exhibition, at both venues, celebrates the artistic journey that Henrie Haldane has recently travelled. This portfolio of new work, unseen in the UK, marks a departure from the artist's signature seascapes and landscapes to new freer abstract paintings of intense, vibrant colour palettes.
