LIGHT

'the natural agent that stimulates sight and makes things visible'.

As an artist, Anita Kutsarova's intention is to create not only a painting, but a unique and immersive experience. Kutsarova is influenced by the pure and authentic spirit of light and nature.

Her paintings are meditative, some of them colourful and strong, whilst others are more subtle and pastel in colour. Kutsarova likes to capture the colour and light of places that she has visited. The vibrancy of Cuba, the cool Scandinavian landscape, the dramatic skies of England or the bright, vivid colours of the sun-drenched Mediterranean.
